LEON HAUCK

Full Stack Developer | Back-end & AI Automation

Python · JavaScript · Node.js · PHP · SQL · REST APIs · Generative AI

PROFILE

Full Stack Developer focused on **back-end**, **web applications**, and **AI-powered automation**. At HiperRoll, I build systems integrated with the **Senior ERP** and lead the **AI automation** team; at Grupo Bahamas, I cut a monthly closing process from **15 days to under 3 hours** with **Python and SQL Server**. Studying development and data since 2019; certified **Lean Six Sigma Black Belt**.

EXPERIENCE

Full Stack Developer — May 2026 – Present

HiperRoll Embalagens · AI automation management

- Lead a team of up to 4 people on **AI automations** (OpenAI, Claude, Copilot): WhatsApp auto-replies, purchasing alerts by email, and insight reports in the ERP.
- Built the **sales order portal** for **40+ sales reps** (100–120 orders/month), integrated with the **Senior ERP** via APIs.
- Built the **trade marketing system** (170 stores, 7 retail chains, ~R$30k/month) with **Google Maps** routing and out-of-stock tracking.
- Developed the **marketing budget control** with manager approval, tracking about **R$50k/month** in commercial actions.
- Automated **supplier registration** with company ID (CNPJ) lookup via API and email alerts to every department involved.
- Created event games played by **1,000+ people** at trade shows, using **JavaScript, PHP, Electron, and Web Audio API**.

Grupo Bahamas S/A — Feb 2024 – Apr 2026

Junior Sales Analyst — Jan 2025 – Apr 2026

- Automated the monthly closing of 140 brands (sell-in, sell-out, margin, and profit) for an 80+ store chain with **Python and SQL Server**: from **15 days to under 3 hours**.
- Implemented **advanced e-signatures via the gov.br API**, cutting scanning of 4,500–5,000 docs from **nearly a week to 40 minutes**.
- Automated product registration with **VBA** spreadsheets.

Logistics Assistant — Feb 2024 – Jan 2025

- Built an **inventory control system** (JavaScript, Chart.js, SMTP) with PDF/Excel export, **still in use by the company**.
- Created a **real-time lead time dashboard** for logistics managers, built on a database with 20+ years of data.
